SUMMARY

Detail-oriented and passionate **web developer** with solid foundations in **core PHP, MySQL, and frontend technologies including HTML, CSS, Bootstrap, and JavaScript**. A final-year Computer Science student with practical experience in backend development and real-world project deployment. Seeking an opportunity to contribute to a dynamic development team at Sparkosol, bringing strong coding skills, problem-solving ability, and a quick learning attitude

WORK EXPERIENCE

Front-end Developer, Optibyte Solutions **Sep 2024 - March 2025**
Worked as a front-end web developer, responsible for designing and implementing interactive user interfaces. My role includes developing responsive web applications, optimizing website performance, and collaborating with UX/UI teams to create seamless digital experiences.

PROJECTS

- Food Order Management System**
Technologies: PHP, MySQL, Bootstrap, HTML, CSS
 - Built a dynamic web-based system for users to browse menu items, and place orders.
 - Designed secure login system, and admin dashboard to manage orders, menus, and categories.
 - Used PHP sessions and MySQL queries for full CRUD operations.
- Personal Portfolio Website with Contact Form (PHPMailer Integration)**
Technologies: PHP, PHPMailer, HTML, CSS, JS
 - Integrated a working contact form using PHPMailer with SMTP authentication.
 - Demonstrated full-stack skills by handling frontend and secure email communication on the backend.
- Content Management System**
 - Developed a dynamic (CMS) using PHP, MySQL, and Bootstrap with full admin panel functionality.
 - Implemented user roles, blog post management, categories, media uploads, and a comment system.
 - Focused on modular code, secure authentication, modern UI/UX, and scalable CRUD operations.

EDUCATION

Bachelor in Computer Science **Sep 2022 - Present**
Women University, Multan
CGPA: 3.96
